

**DOING
WHATEVER IT TAKES
SINCE 1975**

PENNSYLVANIA'S PREMIER ASSET-BASED 3PL

Who we are **A LEGACY OF EXCELLENCE**

Moran Logistics is a three-generation, family-owned, asset-based third-party logistics provider based in Central Pennsylvania, established in 1975 by John "Jack" D. Moran and Maureen F. Moran. With a commitment to exceptional service and a "Whatever It Takes" philosophy, we have supported businesses with supply chain solutions for nearly five decades.

Currently, we operate over five million square feet of warehouse space across multiple locations in Pennsylvania. Our unique value-added services promote a lean supply chain and ensure seamless product flow, setting us apart from typical 3PL providers and enhancing our operational capabilities.

What matters to us

OUR PHILOSOPHY

With a steadfast "Whatever It Takes" approach, we have built our foundation on **delivering unmatched quality of service for nearly fifty years!** This commitment to our customers shapes every aspect of our operations today.

At Moran Logistics, we uphold The Moran Standards—a set of 10 guiding principles that define our commitment to integrity, respect, and excellence. These standards drive our customer-first approach, foster collaboration, inspire innovation, and ensure we consistently deliver reliable and effective supply chain solutions. Professional Services

WHAT WE OFFER

WAREHOUSING

Moran's warehousing services ensure dependable inventory management and safe inventory handling with personalized logistics solutions at prime locations for efficient access to major markets.

DISTRIBUTION

Moran optimizes distribution with on time deliveries, real-time inventory tracking, and cost-effective pick-and-pack solutions, ensuring seamless order fulfillment and streamlined supply chain management.

COLD CHAIN LOGISTICS

Partnering with Moran ensures your temperature-sensitive inventory is safe with premier refrigerated warehousing (as cold as 36°F) and transportation solutions, maintaining product integrity throughout the cold chain process.

INDOOR RAIL

Moran offers Central PA's largest indoor rail services, protecting your commodities from environmental risks and enhancing efficiency with sheltered loading and unloading at several facilities.

EXCEEDING EXPECTATIONS IS OUR STANDARD

CONFIDENCE

Your business needs are unique. As an asset-based company, we have the agility to make quick decisions based on your priorities. Partnering with Moran means we invest in you as much as you invest in us.

ACCURACY

We offer robust inventory management solutions and value-added services to streamline your supply chain and simplify outsourcing for peace of mind.

RELIABILITY

As an asset-based company, we control costs and tailor solutions. With a dedicated team and a "Whatever It Takes" attitude, we ensure a seamless supply chain and exceptional service at every step.

Industry-Leading **WAREHOUSING TECHNOLOGY**

Moran Logistics leverages advanced technology, powered by Körber's Warehouse Management System—E3PL WMS (formerly HighJump), to streamline your supply chain.

This system enhances real-time tracking, order processing, and visibility, optimizing workflows, reducing errors, and ensuring on-time deliveries. Partner with us for a scalable solution that drives efficiency, innovation, and sustained growth across your supply chain.

Peace of mind with **SAFETY & SECURITY**

Moran Logistics is committed to maintaining top-tier cybersecurity. Leveraging Microsoft Azure, we provide a cloud-based environment that safeguards sensitive information, ensuring your data remains protected and secure.

Our integration of Körber's warehouse management software enhances your logistics with real-time inventory tracking, delivering safe, efficient, and seamless supply chain operations, and the visibility you need in order to easily grow and manage your business!

BRCGS, AIB, AND ECOVADIS EXCELLENCE

Certified Quality and Sustainability

Moran Logistics, headquartered in Watsontown, PA, maintains **BRCGS and AIB certifications**, demonstrating our commitment to food safety, quality, and operational excellence. By adhering to these standards, we ensure our services meet the needs of industries like food, beverage, and consumer goods, giving clients confidence in their supply chain operations that are managed by Moran.

We are also part of **Ecovadis**, reinforcing our commitment to sustainability and corporate responsibility. As a member of the Ecovadis community, we integrate environmentally conscious practices, focusing on efficiency and waste reduction. This enables us to provide logistics solutions that optimize performance while meeting the demand for responsible business practices.

ecovadis
COMMITTED

STRATEGIC LOCATIONS Optimized Logistics with Global Reach

Moran Logistics operates strategically located facilities throughout central Pennsylvania, connected by U.S. Route 15, Interstates 80, 76, and 81 for fast, efficient service. **Reaching 60% of North America's population within 8 hours**, we deliver cost-effective solutions.

Our **York facility**, a **BONDED** warehouse, close to **The Port of Baltimore**, simplifies imports, improves supply chain efficiency, and offers unmatched convenience for global logistics.

ML TRANSPORTATION

Keeping your business on track with

RAIL SERVICES

Moran Logistics offers comprehensive rail solutions, including both indoor and exterior rail car loading for enhanced protection and efficiency. With decades of trans-loading experience, we safely handle your commodities, reducing exposure to the elements and minimizing risk. Our facilities in Williamsport, Watsontown, Mechanicsburg, Gettysburg, and Milton, supported by Norfolk Southern Main Line, accommodate various rail car types. Moran Logistics optimizes your supply chain with reliable, flexible rail services tailored to your business needs.

SUPPLY CHAIN AGILITY

Outsource your logistics to the experts at Moran, letting your team focus on core tasks.

FLEXIBILITY MATTERS

Choose an asset-based 3PL for flexible logistics services that adapt quickly to market changes and challenges.

CUSTOMIZED SOLUTIONS

Moran Logistics provides tailored, agile solutions that drive growth, save time, and reduce costs.

REACH 60% OF NORTH AMERICA IN 8 HOURS OR LESS

Moran Logistics is strategically located at key Pennsylvania highway intersections, including U.S. Route 15 and Interstate 80, ensuring efficient access to major markets like Philadelphia, Washington DC, New York City and their greater metropolitan areas.

The Moran Difference

WHATEVER IT TAKES

Choose Moran Logistics as your premier asset-based 3PL partner and leverage 50 years of expertise. Since 1975, we've been delivering flexible, reliable warehousing, transportation, and cold chain solutions, tailored to meet your business needs. With expansive infrastructure and dedicated resources, we ensure timely, efficient service while keeping costs low. Our focus on continuous improvement allows us to optimize processes and adapt to market demands.

Our experienced team embraces the "Whatever it Takes" mantra, providing exceptional customer support, safety, and innovative solutions. We're committed to refining operations, adopting new technologies, and enhancing sustainability to drive service excellence. Partner with Moran Logistics to unlock your growth potential and achieve long-term success in today's competitive market.

SAFETY - At Moran, safety is our top priority for everyone. We champion safety through collaboration, training, quality assurance, and continuous improvement measures.

RESPECT - We listen and encourage open dialogue, with respect for each other's ideas at our core.

INCLUSION - We celebrate diversity and promote integrity, honesty, and openness.

INNOVATION - We invest in technologies that help clients and employees address logistics challenges effectively.

ECO-FRIENDLY INITIATIVE - Moran Logistics minimizes its carbon footprint and fossil fuel use through energy-efficient practices, certified by EcoVadis.
